SUMMARY

Western Venture Association is a student-run organization at Western University that aims to bridge the gap between driven students, entrepreneurship, and the industries of venture capital and private equity. The club aims to do this through the use of educational speakers and interactive workshops, and has grown its member base by over 400% since inception.

WVA OPEN

On Saturday March 14, WVA will be hosting its flagship event, WVA Open. Attendees will:

01

Gain insight into specialized industries and fields unavailable at general business events

02

Acquire valuable insight from keynote speakers

03

Partake in smaller breakout sessions that offer more opportunities for direct engagement

04

Join in open networking between students and industry professionals
